WORK EXPERIENCE

Software provider - REFERANS MEDICAL GROUP [Sep 2023 - Present]

Enterprise resource planning (ERP) preparation and Frontend coding of web pages needed by the company for the convenience of the company's users.

Front-end Developer - ABB innovation (Startup) [Jan 2023 - July 2023]

The project I'm working on as a frontend developer is a guide project. We work in parallel with the backend. We work with Html, Css, Javascript and API`s.

Front-end Developer - Kryptos (Remote) [June 2022 - July 2023]

As a frontend developer at Kryptos, I worked on the site's user interface. Adding new features and improving old ones.

Front-end Developer - Coderslab (Remote) [July 2022 - Jan 2023]

During this time, I worked as a Frontend developer in the development of sites such as "Sportsbox", "Dualvet" and "TTCP".

Front-end (React) Developer - Coders [Jan 2022 - June 2022]

I worked as a Frontend Mentor in the Coders intensive programming course. I dealt with students on a daily basis, completed assignments, and answered students' questions. Technologies we cover - Html, Css, Bootstrap, Javascript, JQuery, React.
